Certified copy of a Report of a Committee of the Honourable the Privy Council, approved by His Excellency the Governor-General in Council on the 23rd January, 1894.

ON A REPORT, dated 11th January, 1894, from the Minister of the Interior, stating that on the 21st October, 1893, an Order in Council was passed granting to the Surrey Agricultural Society of British Columbia, under sub-section 2 of section 11 of the Regulations for the disposal of Dominion Lands within the Railway Belt in the Province of British Columbia, forty acres of Dominion lands, being Legal Subdivision 12 of Section 16, in Township 8, east of the Coast Meridian. Since the date of the above Order in Council it has been found that the land applied for by the Company, and which was intended to be conveyed to them, is not Legal Subdivision 12, as erroneously stated in the Order, but Legal Subdivision 4 of the Section above described.

The Minister therefore recommends that the Order in Council above referred to be amended accordingly.

The Committee advise that the Order in Council be so amended.

4. All pipes from stoves, ovens or furnaces shall be jointed, stayed and supported to the satisfaction of the Inspector.

5. When in any building any chimney or flue constructed or stovepipe placed prior to the passing of this by-law shall by the Inspector be deemed unsafe, the owner or occupant of such building shall forthwith remedy the same and put it in a condition satisfactory to the Inspector.

7. Every chimney must be cleaned at least once in every six months when in use, or whenever ordered by the Inspector, by a person appointed and licensed by the Council, and stovepipe holes not in use must be closed by a stopper of metal or other incombustible material; provided, always, that any owner, occupant or agent of any property may, upon obtaining the written consent of the Inspector, clean any chimney belonging to such property himself, but such chimney must be cleaned within one week after such consent is obtained and to the satisfaction of the Inspector, and the onus of proof that such chimney has been cleaned shall be upon the owner, occupant or agent.

8. It shall be unlawful for the owner or occupant of any building where fires are kept to allow any hay, straw, shavings or other combustible material to remain in or adjacent to such building, except livery stables, carpenter shops and manufacturing establishments; and in such places no hay, straw or other combustible material shall be kept within six feet of any chimney, flue or stovepipe.

9. All buildings must be supplied with sufficient ladders to reach from the ground to the ridge of the roof, or have scuttles with stairs or other approaches to the roof.

11. The Inspector shall have the right to enter into any building within the city at all reasonable hours for the purpose of inspecting such building with a view to ascertaining whether there is any violation of this by-law.

12. If the Inspector finds any chimney, flue or stovepipe in or about any building in a dangerous condition, or not constructed or placed as required by this by-law, he shall give notice in writing to the owner or occupant of such building of the defect therein, and by such notice require such owner or occupant to make such alteration as he shall specify, and within such reasonable time as he shall appoint.
